

Attachment Challenge at Home

Diane Jaquith, Teaching for Artistic Behavior, Inc.

The Challenge: Attach a group of materials together to design a 3D artwork, using no glue, tape, or staples. Design a sculpture that represents something recognizable or expresses an emotion or describes how the wind feels!

Materials: See how many different types of materials you can use. Any odds and ends that you can find around your home, except glue, tape and staples will do nicely.

Aluminum foil
Plastic wrap
Cardboard
Paper
Dental floss
Toothpicks
Cotton balls

Paper clips
String
Thread
Fabric
Corks
Bottle caps
Cardboard tubes

Catalogs and magazines
magazines
Packing materials
Pebbles
Twigs
Grass
Leaves

Attachments: See how many different techniques you can use to attach materials together. Invent new ways to attach!

Tie
Stitch
Weave
Knot

Twist
Wrap
Insert
Notch

Flange
Fold
Pleat
Clip

*Below are attachment challenge sculptures by students in grades 3-5.
What will you create?*
